

5 things to know about SHINGRIX

SHINGRIX

HERPES ZOSTER VACCINE (NON-LIVE RECOMBINANT, AS01, ADJUVANTED)

1

Average Reimbursement for Shingrix is \$179.00

Vaccine Connect members pay approximately \$143 per dose of Shingrix, netting an average net margin of \$36 per dose of Shingrix

2

Had Zostavax? Still need Shingrix

The CDC recommends adults over the age of 50 receive the Shingrix two dose series even if the patient has received Zostavax previously.

3

Shingrix is not frozen

The proper storage temperature for Shingrix is between 36 degrees and 46 degrees Fahrenheit. Shingrix cannot be used if frozen.

4

Shingrix can be administered with other vaccines

Shingrix can safely be given concomitantly with other vaccines, including Fluarix. See the CDC information page for more details.

5

Unlimited supply of Shingrix is available to order

GSK is able to meet all current demand for orders with free overnight shipping. Vaccine Connect members receive the best price for Shingrix on GSKDirect.com or thru authorized GSK distributors..
